103 YEARS STRONG!

2023 FULL LINE CATALOG

Quality flags and banners proudly made in America.

Welcome to FlagSource

A Customer and Technology Focused Company

At FlagSource we are focused on our customers, and we want to make your experience with us the best possible. Our team is focused on combining superior products with excellent customer service. In 2023, it is our goal to provide you with better service than ever before.

Providing high quality products and excellent service levels requires people and equipment to make the goal a reality. During 2022, we made significant investments in both to provide our customers with the best experience possible. For U.S. flags, we have invested in several new sewing machines and team members to expand our capacity for making high-quality U.S. flags.

FlagSource is running 24 hours a day Monday through Friday and 16 hours on Saturdays to meet demand. Our U.S. flags are some of the highest quality flags available on the market and you can't buy our flags at the big box stores which gives our dealers a competitive advantage over other resellers.

For printed products we have installed a brand-new steamer and wash line that quadruples our capacity. The crisp lines and bright colors we are seeing from this equipment takes our quality to a whole new level. We are excited to be producing such high-quality products right here in the United States.

Our investments have also facilitated improved lead times for custom products. Turnaround times are critical for custom jobs, so we are proud to officially launch our new Custom Express Program! Custom products can now ship within 6 days from proof approval. We guarantee it. If we do not ship on time, we will credit the order 50% to 100% depending on the order size.

In addition to equipment and people, we invested in technology by building a website that talks directly to our newly upgraded ERP system. FlagSource.com can now accept on-line stock orders. Contact our team today to get your log in credentials so you can start ordering online! Ordering custom products online is the next chapter in our website development, so please stay tuned for more exciting developments in 2023!

Our team is committed to you, our customer, in providing the best overall customer experience. In 2023, we look forward to showing you that you can count on us as the best supplier in the industry!

Thank you for your business!

Spencer & Janice Christiansen
Owners of FlagSource

SPEED. QUALITY. GUARANTEED.

Investing in Technology

Our MS JP7 Printer!

Our MS JP7 printer is built for speed. This new printer utilizes the latest technology to produce the highest quality flags and banners in the industry.

We are ready for the fast lane. Are you?

Our NEW Zimmer Modus Loop Steamer

Our New Zimmer Modus Loop steamer will help us to shorten our lead times and provide an even higher quality product. This steamer allows our DuPont inks to penetrate the fibers to achieve near 100 % saturation to the back side of our State, Military, Custom and other printed digital flags and banners. The manufacture of this machine Zimmer Austria is over 140 years old and has a commitment to perfection and high quality-class machines in the textile market. The Modus will allow us to obtain excellent quality of finishing results in brilliant colors while saving energy and allowing us to shorten our delivery time to you.

Our NEW Rotoflow Ferraro Washer

Our new Rotoflow Ferraro is a high-speed high-quality washing machine for our digitally printed 200 Denier nylon fabrics. The manufacturer of this machine has over 70 years of experience using the best technologies available in the textile finishing market. It was built with a commitment to sustainability with allowing a low consumption of electrical power and water. The Rotoflow allows us the speed, quality, flexibility and security in finishing our printed nylon which will allow us to maintain our on-time deliveries to you.

NEW PRODUCTS 2023

At **FlagSource**, we are always excited to expand our capabilities and introduce new products to our selection. Take a look at some our top picks for the upcoming year!

PROGRESS PRIDE FLAG

The Progress Pride flag was developed in 2018 by American artist and designer Daniel Quasar. Based on the Rainbow-Pride flag from 1978 and the Transgender Pride Flag from 1999 he combined both designs along with black and brown colors to represent those living or those that have died to HIV/AIDS. He reshaped the new flag colors into a chevron pattern to represent a need for forward movement.

Our Progress Pride flags are printed on **200 Denier Nylon** single reverse, finished with heading and grommets. Available in 2x3-8x12' sizes.

See page 45.

NEW BOUTIQUE FLAGS

We have added eight new designs to our 2023 Full Line of Boutique flags that can be found on page 45. Our festive and colorful collection of digital printed nylon flags speak for themselves, for every holiday or occasion. These 3x5' flags are constructed from top quality **200 Denier Nylon** fabric and finished with heavy duty heading and grommets. All flags are made in the U.S.A. and may be used indoor or out. All designs can be custom made in the size you need.

If you don't see a holiday that you would like a flag for than let us help you make a custom flag or banner for any design you have in mind.

Available in 3x5', other sizes are made to order.

NYLON PRINTED UNITED STATES FLAGS

Our Nylon printed U.S. flags are built with the FlagSource reputation for quality and available in sizes not found in our other U.S. flag products. These flags are fully printed single reverse with the highest UV inks on 200 Denier nylon and come in 12x18", 2x3', 2.5x4' and 3x5' sizes.

All materials and labor are U.S. made and combine the beauty of the brightest white stars and OG Red and OG Blue printed stripes. Our Nylon construction contains full 1/4" outside hems along with a 4-row locked stitch fly end and heavy duty 9 oz heading and number two brass grommets. These flags are perfect for flying on boats, home poles or in ground flagpoles. We have added this flag line to offer you new sizes and quality at a great value.

Printed on **200 Denier Nylon**, single reverse, finished with heading and grommets.

See page 10.

COROPLAST YARD SIGNS

Our 4mm thick UV cured coroplast yard sign is the most durable and economical way to display your message and graphic designs outside. The H-Stakes can be paired with either your single or double-faced yard sign. The H-Stakes are made with a 9-gauge galvanized steel with zinc coating making them perfect for outside use. Assembly is easy by simply sliding the H-Stake into the flutes of the sign. Signs available in 18H x 24W" and 24H x 36W", 1 sided or 2 sided. 1 color, 2 color and 4 color process pricing. H-Stakes available. See page 34.

POLYBAG YARD SIGNS

This popular style sign is ideal for large marketing campaigns. The signs are more affordable and simpler to install saving you time and money. Two sizes are available in 16H x 24W" and 20H x 30W" and can be printed in 1-4 colors, this sign includes the ground stake. Two-sided blackout film used for no see-through signs. See page 35.

NEW ISO FLAGS

Stock "ISO/QS" flags allow your company to proudly display your certification. Let the world know of your commitment to quality.

See page 13.

What separates FlagSource from the rest?

- Construction begins with the finest fabrics and color-matched threads available.
- We embroider our own Starfields for all of our flags up to 20x38'!
- We then carefully assemble each flag using a full 1/4" turn on all seams, a unidirectional chain stitch for all horizontal seams (it makes the flag stronger), and a lock stitch for all edge hems.
- Fly hems are finished with four rows of lock stitching and a 102 stitch X-box reinforcement at the top and bottom of flags up to 6' x 10'.
- Flags 8' x 12' and larger feature an X-box at each horizontal seam
- Our industrial T60 thread will withstand 60 lbs. of force.
- For the strongest headings in the industry, we use a heavy duty nine ounce Poly Sateen.
- Flags 15x25' and larger are finished with our heavy duty webbing, which is 3 times the thickness of a seatbelt!
- Check out the hardware! Flags up to 6' x 10' feature heavy duty brass grommets, and for flags 8' x 12' and above, we provide heavy duty chrome D-rings for maximum flying strength.

With FlagSource, you know you're getting the best!

"Certified Made in the U.S.A." certifies that your flag has been made in the U.S. of materials that are domestic in origin and that all processes in every step of its manufacture were completed in U.S. facilities with U.S. labor.

FLAGSOURCE®

United States Flags

Nylon I Flags

EMBROIDERED STARS AND SEWN STRIPES

The Nylon I flag is our success story. We built our reputation on this flag; it combines the beauty of a fully embroidered Starfield with the highest quality nylon fabric and color matched thread for a beautiful flag that will fly smoothly in the lightest breeze. Meticulous construction, including X-boxing on the fly hems and a full 1/4" turn on all seams, will provide you with the best wearing, longest lasting nylon flag in the industry. Choose the FlagSource Nylon I for beauty and quality at a reasonable price.

United States Flags

PolyExtra Flags Made in USA

EMBROIDERED STARS AND SEWN STRIPES

Our PolyExtra flags are specially designed and meticulously crafted. Our two-ply polyester fabric is specially loomed and dyed to withstand the most demanding weather conditions, counteract the effects of ultra-violet light, and still remain crisp and bright. Their embroidered stars, brilliant colors, and finely crafted details make them a beautiful outdoor flag as well. These flags set a high standard and their durability and elegance secure their place as one of FlagSource's most prominent products.

U.S. FLAG FINISHING

HOIST HEADING

8x12' and larger:

Super strong, pure white, no shrink, heavy-duty, 9 oz. poly sateen heading with heavy chrome D-rings. Flags 15x25' and larger are finished with our heavy duty webbing.

APPLIQUÉD STARS

Opauqued white nylon with zig-zagged stitching on the edges.

FLY HEMS

Quadruple stitched and back tacked (4 rows of stitching) at the hem with a 102-stitch X-box reinforcement both top and bottom.

HOIST HEADING

6x10' and smaller:

Super strong, pure white, no shrink, heavy-duty, 9 oz. poly sateen heading with brass grommets.

HEAVY T60 THREAD

Maximum wind resistance. All seams double stitched with unidirectional sewing. More stitches per inch for optimum strength. Heavy-twist nylon thread is color matched to the stripes and field.

LARGER FLAGS

8x12' and larger:

FlagSource Exclusive

For flags on taller poles where wind velocity is higher, each stripe seam is terminated at the fly hem with a 102-stitch X-box reinforcement.

EMBROIDERED STARS

20x38' and smaller:

FlagSource Exclusive
Full white embroidery. No gaps.

LONG LIFE SEAMS

A full 1/4" turn in on all seams means a maximum use of fabric in these critical areas to substantially reduce fraying.

DOUBLE X BOX

10x15' and larger:

FlagSource Exclusive

Fly end finished with 6 rows of stitching, double X-box on each seam.

NEW

Printed U.S. Flags

Our Nylon printed U.S. flags are built with the FlagSource reputation for quality and available in sizes not found in our other U.S. flag products. These flags are fully printed single reverse with the highest UV inks on 200 Denier nylon and come in 12x18", 2x3', 2.5x4' and 3x5' sizes.

All materials and labor are U.S. made and combine the beauty of the brightest white stars and OG Red and OG Blue printed stripes. Our Nylon construction contains full 1/4" outside hems along with a 4-row locked stitch fly end and heavy duty 9 oz heading and number two brass grommets. These flags are perfect for flying on boats, home poles or in ground flagpoles. We have added this flag line to offer you new sizes and quality at a great value.

Printed on **200 Denier Nylon**, single reverse, finished with heading and grommets.

State Flags

NOT ALL STATE FLAGS ARE THE SAME! HERE'S WHY...

Extra care is taken in making these flags. Flag designs are researched to ensure that they are authentic and current. We use sturdy fabrics, allowing the flags to be flown outdoors, indoors, or carried in parades.

Texas State Sewn Flag

Made in USA

THE LONE STAR STATE

The Texas state flag we know today has been flying over the state of Texas since 1839 when the Republic of Texas was created. The white star represents the Texan principle of solidarity. The color blue stands for loyalty, the color white stands for purity and the color red stands for bravery.

These flags are available in both nylon and PolyExtra material and finished with heading and brass grommets or D-rings. The Texas star is appliqué construction for all sizes.

NYLON

The highest quality nylon fabric and color matched thread for a beautiful flag constructed to provide you with the best wearing, longest lasting nylon flag in the industry.

Colorado PolyExtra State Flag

The Colorado flag was first adopted on June 5, 1911, to represent the US state of Colorado and revised on March 31, 1964. The red "C" stands for the name of the state, Colorado, the word "centennial" referring to Colorado's accession to statehood in 1876, and "columbine" referring to the state flower. The gold circle represents sunshine and the gold mining industry in this state. The blue stripes represent the sky, and the white stripes represent both the peaks of the Rocky Mountains along with the mining industry and both colors together represent the state flower.

Our fully sewn 2 ply PolyExtra Colorado flags constructed with a nylon applique design are perfect for the winds found in this high wind state. Finished with heading and grommets.

POLYEXTRA

Our two-ply polyester fabric is specially loomed and dyed to withstand the most demanding weather conditions, providing you with flags that will stay crisp and bright.

Armed Forces, Military & Service Flags

SUPPORT OUR TROOPS

Our military flags represent the branches of the United States Armed Forces along with several iconic and historical flags. In general, the order of precedence when displaying military flags together is the U.S. National Colors, U.S. Army, U.S. Marine Corps, U.S. Navy, U.S. Air Force, and U.S. Coast Guard. However, in any period, such as in wartime, where the U.S. Coast Guard is operating as part of the U.S. Navy, the U.S. Coast Guard flag would precede the U.S. Air Force flag.

Our Armed Forces flags and garden flags are printed on durable **200 Denier Nylon** fabric using inks which are UV resistant and designed to last longer and wear better outdoors.

Digital Nylon Flags

HONORING THOSE WHO SERVE OUR COUNTRY

Equally at home indoors or out, these commemorative flags show your support in a dramatic way. All **200 Denier Nylon** flags are finished with heading and grommets. **Sizes 6x10' and 8x12' are made to order.** Also available in garden flag size.

Sienna puts you in control!

Using FlagSource custom templates together with the **Sienna Proofing Program** gives you greater control over the your final Custom product. No more worries about your artwork being altered or a miscommunication in size or quantities. Sienna puts you in control of what gets printed. You'll receive your proof within minutes so you can double check your design before it goes to print. Because Sienna speeds up the ordering and proofing process, your customer receives their order faster.

You can find our templates for Custom Flags, Guidons, Burgees, Pennants, Feather Flags, Wave Banners, Blade Banners, Cobra Banners, Avenue Banners, Retractable, Easy Tube and all Table Items at: www.flagsource.com/templates

All prices subject to change without notice.

Custom Products

LET US DESIGN IT FOR YOU!

CUSTOM GRAPHIC DESIGNERS

Do you know what you want but don't have the artwork for the final product? Our graphic designers will create a custom design that reflects your message and style.

Ask one of our sales representatives how to get your custom design ideas on one of our many products.

DIGITAL MAKES ALL THE DIFFERENCE

We offer the latest in digital print technology with both direct to nylon and sublimation to polyester fabrics. Many hours of research, testing, and dedicated work from our professional team and partners have gone into making our products the best in the industry.

All of this in consideration, there are still steps you can take to ensure that you are getting the best possible results on your custom orders.

ARTWORK CHECKLIST

To ensure the best quality on all orders, please check the following before submitting artwork:

Visit: www.flagsource.com/templates for templates

- ✓ Artwork saved as an acceptable file type (vector art is always recommended)
- ✓ All fonts & strokes are outlined
- ✓ Artwork has been proofed and spell checked for errors
- ✓ Solid Coated Pantone® colors are included in artwork
- ✓ Artwork sized correctly for requested product
- ✓ Raster art: minimum of 150 DPI at actual print size (100%)

****WE CANNOT GUARANTEE OR MANAGE COLORS FROM RASTER ART FILES.****

Recommended File Types:

.eps (Encapsulated PostScript)

.ai (Adobe Illustrator Document)

.pdf (Portable Document Format)

See **Page 58** for Art Guidelines

PILLOWCASING: Add 25% to finishing price.

A special type of hemming done on certain double-sided flags. Designs that won't line up edge to edge get pillowcased or if there is an angled or some other special finish to the flag.

KNOW YOUR OPTIONS:

These are the standard finishing and construction options for printed outdoor flags.

SINGLE FACE REVERSE:

Printed on one side with full ink penetration so the reverse image is visible on the backside.

FRONT

REVERSE BACK

DOUBLE FACE:

Constructed as two printed flags sewn back to back with a lightweight innerliner sewn in between.

FRONT

Standard Innerliner is a Tyvek® product.

Premium Innerliner, please **add 10%** to cost.

BACK

SLEEVE WITH TAB:

A finishing that will fit over a pole. The sleeve has a lining sewn in with a leather tab sewn in at the top center position. The standard pole hem size is 3". This fits a 1"-1¼" diameter pole. Can also be sewn "closed at top".

This sample is shown with fringe.

FRINGE:

Available in White, Spanish Yellow, and Silver. Customer provides other colors if required.

HEADING & GROMMETS:

Standard finishing for outdoor flags sized 6x10' or smaller. Heavy duty 9 oz. pure white poly sateen heading with two brass grommets.

HEADING & D-RINGS:

Standard finishing for outdoor flags sized 8x12' or larger. Heavy duty 9 oz. pure white poly sateen heading with heavy chrome D-rings.

Custom Flags

BLOCK-OUT POLYESTER

A revolutionary NEW flag material. **It's one layer of fabric with block-out woven into it!** Production time is 10-12 business days.

- A more cost effective and better performing flag.
- Available in both single reverse and double sided.
- Available in these sizes only: 2'x3', 3'x5', 4'x6', 5'x8'
- Finished with heading and grommets ONLY.
- Double sided flags are a single layer of fabric that reads correctly on both sides.
- This process is for solid background colors, no art bleeds.
- No longer need 3 layers to print on both sides!
- Production time 10-12 business days.

SPUN POLYESTER

A revolutionary NEW flag material. **This fabric is designed to fly in high winds!** Production time is 10-12 business days.

- This dye sublimation process allows for two pieces of paper to be printed and sandwiched between the Spun Polyester Fabric to provide a near 100% back side reverse print.
- Available in single reverse only.
- Available in these sizes only: 2'x3', 3'x5', 4'x6', 5'x8', 6'x10'
- Finished with heading and grommets ONLY.
- Flyends have four rows of lock stitching.
- This process is for solid background colors, no art bleeds.
- Production time 10-12 business days.

LOW COST Digital and Screen Printed **FLAGS** and **BANNERS**

We know that from time to time you get a request for high quality, low price flags and banners. FlagSource is now able to accommodate these needs.

For the most accurate pricing, we ask that you submit an art file so we can determine the best method of manufacturing. Quotes can be provided for jobs of 50 pieces or more. Quotes will be turned around within 24-36 hours.

Materials offered:

- 100 Denier Polyester
- 300 Denier Polyester
- 120 Gram Polyester Knit
- Satin

Whether you need 1/C or 4-CP print, these banners are a perfect option for large run jobs.

Email us with the desired application and the job specifications and we will determine the best manufacturing technique and fabric based on your specs.

Production time is 2-3 weeks up to 1,000 pieces.

Polybag Yard Signs NEW

POLYBAG

This popular style sign is ideal for large marketing campaigns. The signs are more affordable and simpler to install saving you time and money. Two sizes are available in 16H x 24W" and 20H x 30W" and can be printed in 1-4 colors, this sign includes the ground stake. Two-sided blackout film used for no see-through signs.

- "Black out" lining, light will not show through the sign
- Double Sided imprint included
- Made from Heavy-Duty poly plastic
- No hassle installation
- Popular product for mass marketing campaigns
- Printed with UV inks, No fading!
- Ordering Bag Signs is cost effective with a minimum order of 1,000 Signs, smaller quantities are available but corrugated plastic would probably be cheaper. Printed in up to four vibrant spot colors.
- Because of the way that Bag Signs are manufactured there may be over or under run which will result in an additional charge or refund of money. We will take every effort to avoid this, but please account for this in your budget as a possibility
- Bag Sign Orders take on an average of 8-10 business days to manufacture from the time you approve the art work until the time the signs leave our facility.
- Your order will ship via TRUCK LINE/UPS Combo. Your wires will ship via truck line because of the weight. Bag signs fit nicely into 500 pcs a box and will ship via UPS/FedEx ground.
- Nearest Pantone color matching available
- Halftones for bag signs will be evaluated on a per design basis and may require adding a "color" to the price.
- Turnaround time: 15 business days

DOUBLE H-STAKES

Our H-Stakes are made with a 9-gauge galvanized steel with zinc coating making them perfect for outside use. The H-Stakes can be paired with either your single or double-faced yard sign.

- Galvanized Steel
- Industry standard wire
- 24"H x 8"W

International Flags

Other National and Heritage Flags

INTERNATIONAL FLAGS

We offer 202 International and Heritage Flags representing countries from every corner of the world. Historically flown as military standards in the field, today people from every nation feel a desire to show their national sentiment by flying their country's flag. As countries continue to revise their national flags, we strive to keep our list of flags current with all newly adopted designs and governments. Our International and Heritage Flags are single face reverse, printed on **200 Denier Nylon** and finished with heading and grommets.

Indoor Parade Flag Sets

GREAT VALUE, GREAT APPEARANCE!

Our Indoor Parade U.S. Flags are manufactured from the highest quality nylon fabric and color matched thread. These flags are constructed with embroidered stars, X-boxing on the fly hems and a full 1/4" turn on all seams. They are finished with a lined pole hem and 2" golden bullion fringe. Our Indoor Parade Sets include one of our beautiful U.S. flags, an attractive floor base, oak pole, gold bullion rayon cord and tassels, and a gold eagle ornament. Our Indoor Parade Sets make for truly beautiful display.

NEW Progress Pride Flags

DIGITAL NYLON

The Progress Pride flag was developed in 2018 by an American artist and designer Daniel Quasar. Based on the Rainbow-Pride flag from 1978 and the Transgender Pride Flag from 1999 Daniel combined both designs along with black and brown colors to represent those living or those that have died to HIV/AIDS. Daniel reshaped the new flag colors into a chevron to represent a need for forward movement.

Printed on **200 Denier Nylon**, single reverse, finished with heading and grommets.

Black Mourning Ribbon

A SYMBOL OF REMEMBRANCE AND MOURNING

An accepted patriotic practice and display of mourning is to attach a black ribbon at the top of the American flag for flags displayed on a short staff or for indoor flags that cannot be lowered to half-staff. This ribbon measures 3"x10' and is suitable for use with a 3'x5' or 4'x6' flag. The ribbon is made from the same nylon as our U.S. flags and is finished with a brass grommet for easy attachment to flag.

Flag not included.

North American Telescoping Flagpoles

DISPLAY YOUR FLAGS PROUDLY

From the city to the country, our telescoping flagpoles will proudly display your FlagSource flags. This pole is durable, rope and pulley free (no tangles or knots!), noise free and finished with a satin aluminum anodized finish.

All you do is clip on the flag and raise it section by section. Each section of the pole raises and lowers easily. Match the arrow to the hole, click the button in place, and with a simple press of the "release" button down your flagpole slides. Planning a move? Simply pull your flagpole out of the ground and take it with you!

Flags not included.

Flagpole available in 3 different heights

Perfect for the front of a home or business

20' and 25' poles can fly two flags simultaneously.

No ropes to tangle or bang in the wind

No exposed hardware to rust

Clean, simple, and easy!

Resources You Can Use

We take pride in our fabrics and production practice. With state-of-the-art technology and years of experience, we are dedicated to producing quality products at every step of the production process. We want to provide you with all of the information you need to ensure the best quality on all orders. With the right information about our materials, our production processes, and our art guidelines, you can help us provide an even better product.

Art Guidelines

OUR GRAPHICS TEAM

At FlagSource, we are both Mac and PC based and use the latest version of Adobe Creative Cloud software. We use the Pantone Matching System® and can color match with **Solid Coated Pantone® colors** only. To ensure the best quality on all orders, please use our checklist below before submitting artwork.

- ✓ Artwork saved as an acceptable file type (listed below)
- ✓ All fonts & strokes are outlined
- ✓ Artwork has been proofed and spell checked for errors
- ✓ Solid Coated Pantone® colors are included in artwork (for best guarantee on color match)
- ✓ Artwork sized correctly for requested product (visit: www.flagsource.com/templates for artwork templates)
- ✓ **Raster files:** minimum of 150 DPI at actual print size (100%)

VECTOR ART *(Recommended for all products)*

- Made up of paths, points, angles and curves
- Can be scaled to **any size** without sacrificing quality
- Easy to adjust colors without sacrificing quality

Acceptable File Types:

.eps (Encapsulated PostScript)

.ai (Adobe Illustrator Document)

.pdf (Portable Document Format)

RASTER ART *(We cannot guarantee color matching)*

- Made up of pixels
- Loses quality when enlarged / scaled up
- Can typically be scaled down without sacrificing quality

Acceptable File Types:

.psd (Adobe Photoshop Document)

.tiff (Tagged Image File Format)

.jpeg (Joint Photographic Experts Group)

**JPEG files are a compressed file type and are often low resolution. While we do accept .jpeg files we do not recommend them.*

NEED ASSISTANCE WITH YOUR ARTWORK?

If you need help adjusting artwork or placing colors, our graphics team will be happy to assist you. All graphics related inquiries can be directed to orders@flagsource.com. For information about ordering one of our printed nylon color charts, please call (800) 323-9127.

Email art files to our graphics department: orders@flagsource.com

or upload to our FTP page: www.hightail.com/u/FlagSource

Dies, Tools, Patterns and Art Files: Charges made for dies, tools and patterns are part of the purchase price of the goods and do not convey ownership to Buyer. All dies, tools and patterns remain the property of Seller, unless otherwise agreed by Seller in writing.

Split Destination or Drop Shipments: \$12.50 net per location.

Fabric & Material

THE RIGHT MATERIAL FOR YOUR PRODUCT

Our durable FlagSource fabrics are made to withstand the most inclement weather conditions. We print on the brightest white nylon in the industry which produces the truest blacks and the most vivid colors. We also offer three weights of Vinyl plus Vinyl Mesh, Satin fabric, our new Stretch fabric for fitted table covers, and Jersey Mesh for outdoor displays. Keep checking back for additional fabrics we plan to incorporate in the future.

DACRON 200D

- 200 Denier polyester material
- Single sided or Double face
- Flexible and lightweight
- Ideal for: Single or Double face banners
- Maximum print width: 61" or 71"

NYLON 200D

- 200 Denier Nylon material
- Single face reverse or Double face
- Flexible and lightweight
- Ideal for: Single reverse flags
- Maximum print width: 61" or 71"

300D POLYESTER

- Wrinkle-resistant material
- Single sided or Double face
- Ideal for: Table throws, table runners, indoor banners
- Maximum print width: 72"

VINYL

- Material comes in 18 oz, heavy vinyl. Ideal for: Avenue banners, Outdoor banners
- Double Sided
- Maximum print width: 126"

600D POLYESTER

- 600 Denier polyester material
- Single Sided or Double Face
- Strong and durable
- Ideal for: Larger, stronger banners, Tents and Avenue Banners
- Maximum print width: 72"

POLY STRETCH

- Machine washable and wrinkle-resistant material
- Single Sided
- Flame retardant
- Ideal for: Table covers, EasyTube banners
- Maximum print width: 71"

JET FLAG

- Open-weave material
- Single sided or Double sided
- Maximum print width: 71"

BLOCK-OUT POLY

- One layer of fabric with block-out woven into it
- Double face or Single reverse
- Heading & grommets only
- Maximum print width: 60"

SPUN POLYESTER

- Heavy duty
- Durable for high winds
- Single reverse only
- Maximum print width: 60"

Production & Color

HIGH RESOLUTION PRINTING

After being in the flag making business for 95 years, FlagSource knows a thing or two about production. Our highly skilled employees are equipped with state-of-the-art printers and finishing equipment. The efficiencies we have created in production allow us to adhere to your deadlines, and our quality assurance is based on a deep-rooted dedication to you, our customer.

Our products are constructed with the finest fabrics, color-matched threads, best quality inks, and heavy duty accessories for maximum flying strength. Our expertise has earned us a reputation for providing you with the highest quality and longest wearing products on the market today.

DIGITAL NYLON

- Ideal for single-reverse flags
- Direct-to-fabric printing
- Longest lasting UV inks
- Best backside penetration
- 600 DPI high resolution printing
- Able to print 71" wide without a join
- Closest Pantone matching system for digital fabric printing

DIGITAL POLYESTER

- Ideal for flags, table throws, runners, indoor banners and backdrop banners
- Perfect for four color process, spot colors, and full bleed artwork
- Direct-to-fabric printing
- Able to print 71" wide without a join
- High resolution printing

DIGITAL NYLON COLOR CHARTS

Our printed nylon chart (call for availability) displays the 1,095 Pantone® colors that have been hand-picked by our professional color team to match as closely as possible to each solid-coated color in the Pantone Matching System®. We have made this chart available to our customers in order to greatly simplify the process of choosing colors for custom orders, and to guarantee that we are providing the best color match possible. Charts can be purchased for \$60.

Glossary of Standard Terms

Avenue Banner: Banners on brackets that hang from light posts. Generally will always have a sleeve at the top and bottom of the banner.

Back Tack: A reinforcement operation that puts extra stitching on the top and bottom of the fly end. Typically it is no longer than 3/4 to 1" in length. Standard practice on all fly ends.

Bar Tack: A reinforcement stitch/operation that is performed on WaveBanner™ only. It always needs to be performed to areas where there is an exposed chain stitch (heading).

Blockout Innerliner: A piece of material used to block the image from the back side showing through to the front side on a double faced product. For flag sizes 6x10' through 10x15'.

Box Tack: A reinforcement operation that is performed to the fly end. This operation is standard on U.S. flags only. This finishing is unique to FlagSource flags.

Burgee: A pennant with a swallow tail ("V" cut) flag used primarily by ships. All burgees are hemmed on 3 sides with a patch cover at the center of the "V" cut.

Chain Stitch: A series of looped stitches that form a chain like pattern. This stitch time allows our stripes to absorb energy when flying outside.

Color Matching: Matching the thread color to the blank that is being sewn. (White material - white thread). This is standard on all sewn products except the Attraction Product line.

Concealed Heading: A type of finishing where heading is sewn on and turned back so that it is not visible. This process requires that a single stitch be run along the bottom of the heading to keep it turned back.

Cut Size: The dimension material is cut before it is sewn.

Double Face: Copy reads correct on both sides (two pieces of material are sewn together).

Double Sided: Copy reads correct on both sides on only one piece of material.

Double Sleeve: Primarily used in conjunction with Avenue Banners. The standard size sleeve is 3".

Electronic Heading: A type of finishing that is used specifically for electronic flag poles. This process utilizes webbing material and is finished with the top and bottom edges finished like heading and d-rings, but d-rings are not used.

Finished Size: The dimensions a flag, banner, or other products measure after they are sewn.

Fly End: Four rows of stitching on the outer edge of a flag (away from the flag pole).

Grommet: An eyelet made of brass to strengthen or protect an opening or to insulate or protect something passed through it.

Guidon: a rectangular flag with swallow tail at fly end.

Heading and D-Rings: A type of finishing that is used on FlagSource flags 8x12' and larger. On flags, 10x15' and larger a #4 grommet is also inserted.

Heading and Grommets: A type of finishing that is standard on all flags. In general, the heading and grommets are on the left side.

Innerliner: A piece of Tyvek® used to block the image from the back side showing through to the front side on a double faced product.

Leather Tab: A piece of leather that is sewn into sleeves or pole hems that allows a flag to be attached to a pole. Primarily is used with indoor poles. (see Pole Hem Plain)

Lock Stitch: A sewing machine stitch formed by the looping together of two threads one on each side of the material being sewn. A bobbin is inserted into the machine for a bottom thread. This stitch type is used on all outer edge hems.

Paper-Transfer Dye Sublimation: Aqueous ink is embedded into a layer of coating on the transfer paper, which is then applied to polyester fabric with heat and pressure. The ink permanently becomes part of the fabric.

Patch Grommet: A type of finishing where a layer of material is sewn in as a patch and a grommet is inserted. The patch is necessary for a grommet to not pull out of the product.

Pennant: Triangular pieces of fabric primarily used for attracting notice. Hemmed on two sides with heading and 2 grommets or sleeve on the left side.

Pillowcase: A special type of hemming done on certain double sided flags. Designs that won't line up edge to edge get pillowcased or if there is an angled or some other special finish to the flag.

Pole Hem Fringe (PHF): A type of finishing that will fit over a pole. It is a sleeve that has a lining sewn in with a leather tab that is sewn in at the top center position. There is also fringe sewn on the outer hems of the flag. The standard size pole hem is 3". Spanish Yellow is the standard color for fringe, however, we also offer white and silver.

Pole Hem Plain (PHP): A type of finishing that will fit over a pole. It is a sleeve that has a lining sewn in with a leather tab that is sewn in at the top center position. The standard size pole hem is 3 inches.

Raster Art: An array of square pixels of various colors, which together form an image. When enlarging a raster image, each pixel increases in size and causes the image to become blurry. Quality depends on how many pixels are contained within an inch. The higher number of pixels-per-inch (ppi) the higher the quality. Not a preferred file type.

Reinforced Hem (reinforced grommet): Primarily used on banners and can be used in combination with a small hem. The reinforced grommet will allow a grommet to be affixed to it.

Single Face: Copy reads correct on one side and the reverse side is a mirror image.

Single Sided: Copy is on one side of material and the back side is blank.

Single Sleeve: Primarily used in conjunction with Avenue Banners. Material is folded over once and sewn down. The standard size sleeve is 3 inches.

Six Row Special: Six rows of stitching on the outer edge of a flag.

Sleeve: A type of finishing that will fit over a pole. The standard size sleeve is 3 inches. Sleeves can also be sewn closed at the top (also known as a simple sleeve). Fits 1"-1¼" diameter pole.

Starfield: Material with stars either embroidered or sewn on.

Vector Art: Vector graphics are comprised of paths which are defined by a start and end point along with other points, curves and angles. A path can be a line, square, triangle or a curved shape and can be filled with colors. These paths can be used to create simple drawings or complex diagrams. They can be scaled to a larger size and not lose any image quality.
