Quality flags and banners proudly made in America.

Welcome to FlagSource

A Customer and Technology Focused Company

Welcome to FlagSource – A Customer Driven and Technology Focused Company

Founded in 1920, FlagSource is a fourth-generation family-owned business located in Batavia, Illinois. FlagSource is a full-service flag manufacturer that manufactures US Flags, State Flags, Military Flags, International Flags, and their specialty custom flags, banners, table throws, and tradeshow items.

The owners Spencer and Jennifer Christiansen are committed to making FlagSource bigger, better, and quicker. Quicker deliveries and higher quality than the competition are FlagSource's secret sauce.

Customer Service is paramount at FlagSource. Your needs are our priority. The whole team at FlagSource is in lockstep to provide the longest-lasting, best-looking products in our industry.

FlagSource has recently added a new printer and calendar for polyester fabrics. This dye sublimation process will allow FlagSource to print crystal-clear images that will set your customers apart from others around them. We can print custom flags up to 10x15' without a seam and we now can print table throws without a seam.

We are pleased to expand our Custom Express/Quick Ship program to more products in 2025. Check out our Custom Express/ Quick Ship page for more details. FlagSource is running 24 hours a day to ensure your order ships on time every time. Let us take the worry out of your promise to your customers. If we cannot ship your Custom Express/Quick Ship orders within 5 days from proof approval, in many cases the order is free. Check it out.

We have invested in the latest printing technology, to provide the best printed products in the industry. We have also invested in new proprietary sewing machines for our large US Flags. Providing the best-looking, longest-lasting flags is what sets FlagSource apart from our competitors. We like to tell customers, "You can submit it and forget it."

We look forward to providing you with the highest-quality products available!

Thank you for your business!

Spencer and Jennifer Christiansen
Owners of FlagSource

NEW FOR 2025: EVEN MORE OPTIONS!

Our Custom Express/Quick Ship programs are for customers who need custom products in a hurry. We guarantee your order will be shipped within just 5 business days of artwork approval—or we'll credit 50% or more of your order. Custom Express applies to custom nylon flags that are single or double-faced with heading and grommets finishing. In 2025, we're expanding our Custom Express program to include no-seam table throws, seamless standard size jet flag custom flags, and jet flag monster flags as large as 30x60'. We've also added car flags, golf flags, and wave banners to our Custom Express program. For full details on the updated program, see **pages 26-27** of this catalog.

IN 2025 WE'RE GOING HIGH AND WIDE!

Introducing Our New MS JP4 EVO Printer

We're excited to introduce our latest MS JP4 EVO printer, delivering seamless quality for wide-format printing. We now produce table throws, flags, and banners up to 10 feet wide with unlimited length without a seam on select fabrics, including 200D, 300D, 600D, and jet flag. This advanced printer supports both direct digital and dye-sublimation digital printing on high-quality polyester materials. This new printer allows us to produce seamless table throws, 8x12' and 10x15' flags, banners and backdrops ensuring a flawless finish. Our Pantone® color matching system and fade-resistant inks produce vibrant, durable designs.

Monti Antonio Heat Press

Our latest Monti Antonio heat press addition is made for seamless wide-format heat transfers. This cutting-edge machine elevates our sublimation printing capabilities for up to 10 feet wide on select fabrics, including 200D, 300D, and 600D, without a seam. Through a high-precision process, the ink is embedded directly into a coating layer on the transfer paper, which, with heat and pressure, becomes a permanent part of the polyester fabric. This new addition enhances the quality and durability of our table throws, flags, and banners.

ADVANCEMENT THROUGH TECHNOLOGY

MS JP7 Printer

Our MS JP7 printer is built for speed. This printer utilizes the latest technology to produce the highest-quality flags and banners in the industry.

We are ready for the fast lane. Are you?

Zimmer Modus Loop Steamer

Our New Zimmer Modus Loop steamer will help us to shorten our lead times and provide an even higher quality product. This steamer allows our DuPont inks to penetrate the fibers to achieve near 100% saturation to the back side of our State, Military, Custom, and other printed digital flags and banners. The manufacturer of this machine Zimmer Austria is over 140 years old and has a commitment to perfection and high-quality-class machines in the textile market. The Modus will allow us to obtain excellent quality finishing results in brilliant colors while saving energy and allowing us to shorten our delivery time to you.

Rotoflow Ferraro Washer

Our new Rotoflow Ferraro is a high-speed high-quality washing machine for our digitally printed 200 Denier nylon fabrics. The manufacturer of this machine has over 70 years of experience using the best technologies available in the textile finishing market. It was built with a commitment to sustainability allowing a low consumption of electrical power and water. The Rotoflow allows us the speed, quality, flexibility, and security in finishing our printed nylon which will allow us to maintain our on-time deliveries to you.

CELEBRATING AMERICA'S 250TH ANNIVERSARY

As we approach the **250th anniversary of American Independence on July 4, 2026**, these flags serve as a proud tribute to our nation and are perfect for honoring America's heritage.

What separates FlagSource from the rest?

- Construction begins with the finest fabrics and color-matched threads available.
- We embroider our own Starfields for all of our flags up to 20x38'.
- We then carefully assemble each flag using a full 1/4" turn on all seams, a unidirectional chain stitch for all horizontal seams (it makes the flag stronger), and a lock stitch for all edge hems.
- Fly hems are finished with four rows of lock stitching and a 102 stitch X-box reinforcement at the top and bottom of flags up to 6' x 10'.
- Flags 8' x 12' and larger feature an X-box at each horizontal seam
- Our industrial T60 thread will withstand 60 lbs. of force.
- For the strongest headings in the industry, we use a heavy duty nine ounce Poly Sateen.
- Flags 15x25' and larger are finished with our heavy duty webbing, which is 3 times the thickness of a seatbelt!
- Check out the hardware! Flags up to 6' x 10' feature heavy duty brass grommets, and for flags 8' x 12' and above, we provide heavy duty chrome D-rings for maximum flying strength.

With FlagSource, you know you're getting the best!

"Certified Made in the U.S.A.." certifies that your flag has been made in the U.S. of materials that are domestic in origin and that all processes in every step of its manufacture were completed in U.S. facilities with U.S. labor.

Nylon I Flags

EMBROIDERED STARS AND SEWN STRIPES

The Nylon I flag is our success story. We built our reputation on this flag; it combines the beauty of a fully embroidered Starfield with the highest quality nylon fabric and color matched thread for a beautiful flag that will fly smoothly in the lightest breeze. Meticulous construction, including X-boxing on the fly hems and a full 1/4" turn on all seams, will provide you with the best wearing, longest lasting nylon flag in the industry. Choose the FlagSource Nylon I for beauty and quality at a reasonable price.

PolyExtra Flags

EMBROIDERED STARS AND SEWN STRIPES

Our PolyExtra flags are designed and crafted to withstand environments with high winds. Our two-ply polyester fabric is specially loomed and dyed to withstand the most demanding weather conditions, counteract the effects of ultra-violet light, and remain crisp and bright. Their embroidered stars, brilliant colors, and finely crafted details make them a beautiful outdoor flag. These flags set a high standard and their durability and elegance secure their place as one of FlagSource's most prominent products.

U.S. FLAG FINISHING

HOIST HEADING

8x12' and larger:

Super strong, pure white, no shrink, heavy-duty, 9 oz. poly sateen heading with heavy chrome D-rings. Flags 15x25' and larger are finished with our heavy duty webbing.

APPLIQUÉD STARS

Opauqued white nylon with zig-zagged stitching on the edges.

FLY HEMS

Quadruple stitched and back tacked (4 rows of stitching) at the hem with a 102-stitch X-box reinforcement both top and bottom.

HOIST HEADING

6x10' and smaller:

Super strong, pure white, no shrink, heavy-duty, 9 oz. poly sateen heading with brass grommets.

HEAVY T60 THREAD

Maximum wind resistance. All seams double stitched with unidirectional sewing. More stitches per inch for optimum strength. Heavy-twist nylon thread is color matched to the stripes and field.

LARGER FLAGS

8x12' and larger:

FlagSource Exclusive

For flags on taller poles where wind velocity is higher, each stripe seam is terminated at the fly hem with a 102-stitch X-box reinforcement.

EMBROIDERED STARS

20x38' and smaller:

FlagSource Exclusive
Full white embroidery.
No gaps.

LONG LIFE SEAMS

A full 1/4" turn in on all seams means a maximum use of fabric in these critical areas to substantially reduce fraying.

DOUBLE X BOX

10x15' and larger:

FlagSource Exclusive

Fly end finished with 6 rows of stitching, double X-box on each seam.

Reinforced Stitching & Corners

THIS ADD-ON IS AVAILABLE FOR U.S. AND TEXAS FLAGS ON BOTH NYLON AND POLYEXTRA MATERIALS

Enhance the durability of your U.S. and Texas flags with our new Reinforced Stitching & Corners add-on. Available exclusively for **Nylon and PolyExtra U.S. and Texas flags**, this add-on is designed to withstand the elements and extend the flag's lifespan. Keep your flag flying high and proud, no matter the weather.

Printed U.S. Flags

Our Nylon Printed U.S. flags are built with the FlagSource reputation for quality and available in sizes not found in our other U.S. flag products. These flags are fully printed single reverse with the highest UV inks on 200 Denier nylon and come in 12x18", 2x3', 2.5x4' and 3x5' sizes.

All materials and labor are U.S. made and combine the beauty of the brightest white stars and OG Red and OG Blue printed stripes. Our Nylon construction contains full ¼" outside hems along with a 4-row locked stitch fly end and heavy duty 9 oz heading and number two brass grommets. These flags are perfect for flying on boats, home poles or in ground flagpoles. We have added this flag line to offer you new sizes and quality at a great value.

Printed on **200 Denier Nylon**, single reverse, finished with heading and grommets.

State Flags

NOT ALL STATE FLAGS ARE THE SAME! HERE'S WHY...

Extra care is taken in making these flags. Flag designs are researched to ensure that they are authentic and current. We use sturdy fabrics, allowing the flags to be flown outdoors, indoors, or carried in parades.

OUTDOOR NYLON FLAGS

All flags on **200 Denier Nylon** and finished with heading and grommets. **Sizes 6x10' and 8x12' are made to order.**

Texas State Sewn Flag

THE LONE STAR STATE

The Texas state flag we know today has been flying over the state of Texas since 1839 when the Republic of Texas was created. The white star represents the Texan principle of solidarity. The color blue stands for loyalty, the color white stands for purity and the color red stands for bravery.

These flags are available in both nylon and PolyExtra material and finished with heading and brass grommets or D-rings. The Texas star is appliqué construction for all sizes.

NYLON

The highest quality nylon fabric and color matched thread for a beautiful flag constructed to provide you with the best wearing, longest lasting nylon flag in the industry.

Colorado PolyExtra State Flag

THE CENTENNIAL STATE

The Colorado flag was first adopted on June 5, 1911, to represent the US state of Colorado and revised on March 31, 1964. The red "C" stands for the name of the state, Colorado, the word "centennial" referring to Colorado's accession to statehood in 1876, and "columbine" referring to the state flower. The gold circle represents sunshine and the gold mining industry in this state. The blue stripes represent the sky, and the white stripes represent both the peaks of the Rocky Mountains along with the mining industry and both colors together represent the state flower.

Our fully sewn 2 ply PolyExtra Colorado flags constructed with a nylon applique design are perfect for the winds found in this high wind state. Finished with heading and grommets.

POLYEXTRA

Our two-ply polyester fabric is specially loomed and dyed to withstand the most demanding weather conditions, providing you with flags that will stay crisp and bright.

Armed Forces, Military & Service Flags

SUPPORT OUR TROOPS

Our military flags represent the branches of the United States Armed Forces along with several iconic and historical flags. In general, the order of precedence when displaying military flags together is the U.S. National Colors, U.S. Army, U.S. Marine Corps, U.S. Navy, U.S. Air Force, and U.S. Coast Guard. However, in any period, such as in wartime, where the U.S. Coast Guard is operating as part of the U.S. Navy, the U.S. Coast Guard flag would precede the U.S. Air Force flag.

Our Armed Forces flags and garden flags are printed on durable **200 Denier Nylon** fabric using inks which are UV resistant and designed to last longer and wear better outdoors.

Digital Nylon Flags

HONORING THOSE WHO SERVE OUR COUNTRY

Equally at home indoors or out, these commemorative flags show your support in a dramatic way. All **200 Denier Nylon** flags are finished with heading and grommets. **Sizes 6x10' and 8x12' are made to order.** Also available in garden flag size.

Sienna puts you in control!

Using FlagSource custom templates together with the **Sienna Proofing Program** gives you greater control over the your final Custom product. No more worries about your artwork being altered or a miscommunication in size or quantities. Sienna puts you in control of what gets printed. You'll receive your proof within minutes so you can double check your design before it goes to print. Because Sienna speeds up the ordering and proofing process, your customer receives their order faster.

You can find our templates for Custom Flags, Guidons, Burgees, Pennants, Feather Flags, Wave Banners, Blade Banners, Cobra Banners, Avenue Banners, Retractable, Easy Tube and all Table Items at: www.flagsource.com/home/resources#file-templates

PROGRAM DETAILS

REQUIREMENTS TO QUALIFY FOR CUSTOM EXPRESS

- Purchase order must be marked “CUSTOM EXPRESS”
- Customer to provide a purchase order, pricing, conforming artwork, and Pantone colors.
- Products outside the program must be on a separate purchase order, including stock items.
- Cannot make changes once art is approved.
- Account must be up to date.
- No more than 12 art files per order.

NOT INCLUDED FOR CUSTOM EXPRESS

- Pillowcase sewing
- Fringe, pole hem, sleeves
- Pennants, banners, or burgees
- Extra grommets
- Heading on top
- Heading on the right
- USPS Shipping

Claim form can be found on our website: www.flagsource.com/home/resources

Custom Products

LET US DESIGN IT FOR YOU!

CUSTOM GRAPHIC DESIGNERS

Do you know what you want but don't have the artwork for the final product? Our graphic designers will create a custom design that reflects your message and style.

Ask one of our sales representatives how to get your custom design ideas on one of our many products.

DIGITAL MAKES ALL THE DIFFERENCE

We offer the latest in digital print technology with both direct to nylon and sublimation to polyester fabrics. Many hours of research, testing, and dedicated work from our professional team and partners have gone into making our products the best in the industry.

All of this in consideration, there are still steps you can take to ensure that you are getting the best possible results on your custom orders.

ARTWORK CHECKLIST

To ensure the best quality on all orders, please check the following before submitting artwork:

Visit: www.flagsource.com/home/resources#file-templates for templates

- ✓ Artwork saved as an acceptable file type (vector art is always recommended)
- ✓ All fonts & strokes are outlined
- ✓ Artwork has been proofed and spell checked for errors
- ✓ Solid Coated Pantone® colors are included in artwork
- ✓ Artwork sized correctly for requested product
- ✓ Raster art: minimum of 150 DPI at actual print size (100%)

****WE CANNOT GUARANTEE OR MANAGE COLORS FROM RASTER ART FILES.****

Recommended File Types:

.eps (Encapsulated PostScript)

.ai (Adobe Illustrator Document)

.pdf (Portable Document Format)

For Art
Guidelines

PILLOWCASING: Add 25% to finishing price.

A special type of hemming done on certain double-sided flags. Designs that won't line up edge to edge get pillowcased or if there is an angled or some other special finish to the flag.

KNOW YOUR OPTIONS:

These are the standard finishing and construction options for printed outdoor flags.

SINGLE FACE REVERSE:

Printed on one side with full ink penetration so the reverse image is visible on the backside.

FRONT

REVERSE BACK

DOUBLE FACE:

Constructed as two printed flags sewn back to back with a lightweight innerliner sewn in between.

FRONT

BACK

Standard Innerliner is a Tyvek® product.

SLEEVE WITH TAB:

A finishing that will fit over a pole. The sleeve has a lining sewn in with a leather tab sewn in at the top center position. The standard pole hem size is 3". This fits a 1"-1¼" diameter pole. Can also be sewn "closed at top".

This sample is shown with fringe.

FRINGE:

Available in White, Spanish Yellow, and Silver. Customer provides other colors if required.

HEADING & GROMMETS:

Standard finishing for outdoor flags sized 6x10' or smaller. Heavy duty 9 oz. pure white poly sateen heading with two brass grommets.

HEADING & D-RINGS:

Standard finishing for outdoor flags sized 8x12' or larger. Heavy duty 9 oz. pure white poly sateen heading with heavy chrome D-rings.

Custom Flags

100% MADE IN U.S.A.
MATERIAL & LABOR

DIGITAL NYLON

All flags are printed on **200 Denier Nylon**. Sizes up to 6x10' are finished with heading and grommets. Sizes 8x12' and larger are finished with heading and D-rings.

Custom Flags

BLOCK-OUT POLYESTER

It's one layer of fabric with block-out woven into it!

Production time is 10-12 business days.

- A more cost effective and better performing flag.
- Available in both single reverse and double sided.
- Available in these sizes only: 2'x3', 3'x5', 4'x6', 5'x8'
- Finished with heading and grommets ONLY.
- Double sided flags are a single layer of fabric that reads correctly on both sides.
- This process is for solid background colors, no art bleeds.
- No longer need 3 layers to print on both sides!
- Production time 10-12 business days.

Dye sublimation process • No special finishing • White is not bright white • Dye sub inks will fade faster than digital nylon inks

100% MADE
IN U.S.A.

Custom Flags

SPUN POLYESTER

This fabric is designed to fly in high winds! Production time is 10-12 business days.

- This dye sublimation process allows for two pieces of paper to be printed and sandwiched between the Spun Polyester Fabric to provide a near 100% back side reverse print.
- Available in single reverse only.
- Available in these sizes only: 2'x3', 3'x5', 4'x6', 5'x8', 6'x10'
- Finished with heading and grommets ONLY.
- Fly-ends have four rows of lock stitching.
- This process is for solid background colors, no art bleeds.
- Production time 10-12 business days.

LOW COST Digital and Screen Printed FLAGS and BANNERS

We know that from time to time you get a request for high quality, low price flags and banners. FlagSource is now able to accommodate these needs.

For the most accurate pricing, we ask that you submit an art file so we can determine the best method of manufacturing. Quotes can be provided for jobs of 50 pieces or more. Quotes will be turned around within 24-36 hours.

Materials offered:

- 100 Denier Polyester
- 300 Denier Polyester
- 120 Gram Polyester Knit
- Satin

Whether you need 1/C or 4-CP print, these banners are a perfect option for large run jobs.

Email us with the desired application and the job specifications and we will determine the best manufacturing technique and fabric based on your specs.

Our globally sourced products have a production time of 3-4 weeks up to 1,000 pieces.

Gonfalon/Processional Banner

Gonfalons are processional banners that can be used at college graduations, religious ceremonies or organization celebrations.

Our Dye Sublimated Banners can be made with **Poly Dacron** or **300 D Poly** with a white nylon backing, a 3" sleeve at the top with an open notch in the middle to be used with a t-bar, finished with a V shape bottom. Fringe can be added for an additional price.

Banner will require an opening in the center of the back of the pole sleeve to accommodate the hardware that holds the 2 poles together.

Production time is 6-8 business days.

Quality Exhibit & Trade Show Displays

Elevate your brand presence at events or retail spaces with our diverse range of products for exhibits and trade shows. Whether you need a professional backdrop, a portable promotional display, or a vibrant branded table setup, we've got you covered. Make a lasting impression with these high-quality, customizable displays that captivate and leave a lasting impression on your audience.

Convertible Premium Table Throws

DIGITALLY PRINTED ON 300 DENIER POLYESTER (polyester poplin equivalent)

One table throw for two different size tables! Our new versatile table throws fit both 6' and 8' tables and are completely custom printed. These throws cover all sides, including the back. Converts in four easy steps!

- **Wrinkle and stain resistant**
- **Flame Retardant and machine washable**
- **600 DPI** high resolution digital printing.
- **NO SETUP FEES**
- Production time is 5-7 business days.

PVC Carrying Case included.

Step 1: Unfold the table throw, lift one side of the table throw and paste B-1 with D-1 and B-2 with C-2;

Step 2: Lift other side of the table throw, paste A-1 with D-2 and A-2 with C-1

Stretch Table Throws

DIGITALLY PRINTED ON POLY STRETCH FABRIC

Our stretch table throws conform tightly to the shape of your table for a clean, streamlined look. We offer two designs: open back and zippered back. The open back offers open space for under table storage while the zipped back offers extra security with a closed storage space. Available in two sizes to fit both 6-foot and 8-foot tables.

- **Wrinkle and stain resistant**
- **Flame Retardant and machine washable**
- **600 DPI** high resolution digital printing.
- **NO SETUP FEES**
- Production time is 5-7 business days.

International Flags

Other National and Heritage Flags 100% MADE IN U.S.A.

INTERNATIONAL FLAGS

We offer 202 International and Heritage Flags representing countries from every corner of the world. Historically flown as military standards in the field, today people from every nation feel a desire to show their national sentiment by flying their country's flag. As countries continue to revise their national flags, we strive to keep our list of flags current with all newly adopted designs and governments. Our International and Heritage Flags are single face reverse, printed on **200 Denier Nylon** and finished with heading and grommets.

Progress Pride Flags

DIGITAL NYLON

The Progress Pride flag was developed in 2018 by an American artist and designer, Daniel Quasar. Daniel combined both designs of the Rainbow-Pride flag from 1978 and the Transgender Pride Flag from 1999. The black and brown stripes on the flag symbolize marginalized LGBTQIA+ communities of color and those living with or those who have died from HIV/AIDS. Daniel reshaped the new flag colors into a chevron to represent a need for forward movement.

Printed on **200 Denier Nylon**, single reverse, finished with heading and grommets.

N26 Progress Pride

Intersex-Inclusive Progress Pride Flags

DIGITAL NYLON

In 2021, Valentino Vecchietti from Intersex Equality Rights UK created the Intersex Inclusive Pride Flag. They combined the Progress Flag by Daniel Quasar and the Intersex Flag by Morgan Carpenter. This new flag aims to give more visibility to intersex individuals within the LGBTQIA+ community.

Printed on **200 Denier Nylon**, single reverse, finished with heading and grommets.

North American Telescoping Flagpoles

DISPLAY YOUR FLAGS PROUDLY

From the city to the country, our telescoping flagpoles will proudly display your FlagSource flags. This pole is durable, rope and pulley free (no tangles or knots!), noise free and finished with a satin aluminum anodized finish.

All you do is clip on the flag and raise it section by section. Each section of the pole raises and lowers easily. Match the arrow to the hole, click the button in place, and with a simple press of the "release" button down your flagpole slides. Planning a move? Simply pull your flagpole out of the ground and take it with you!

Flags not included.

Flagpole available in 3 different heights

Perfect for the front of a home or business

20' and 25' poles can fly two flags simultaneously.

No ropes to tangle or bang in the wind

No exposed hardware to rust

Clean, simple, and easy!

FLAGPOLES

Height	Outside Diameter	Part Number	1+	3+	Wt.
16'	2.25"	F57F92726	\$586.60	\$571.90	14 lbs.

Note: Poles are shipped via UPS. Prices subject to change without notice.

*Pole is shipped as an oversize package.

American Patriot Series Aluminum Flagpoles

The American Patriot Series offers the strength and durability of a commercial grade aluminum flagpole at a price that will please the budget conscious. These quality poles feature an easy to install ground sleeve complete with a grounding rod for lightning protection. Normal lead time is 2-3 weeks for Satin External or Internal Halyard Poles. Add 3-4 weeks for Anodizing.

PACKAGE INCLUDES

- Satin finish flagpole, single revolving truck with gold ball, halyard, two snap-hooks and a cleat.
- Anchorage kit: steel ground sleeve (with lightning rod), flash collar, and installation instructions.

Available Options:

- **Internal Halyard System:** helps reduce noise and to prevent vandalism.

Black Mourning Ribbon

A SYMBOL OF REMEMBRANCE AND MOURNING

An accepted patriotic practice and display of mourning is to attach a black ribbon at the top of the American flag for flags displayed on a short staff or for indoor flags that cannot be lowered to half-staff. This ribbon measures 3"x10' and is suitable for use with a 3'x5' or 4'x6' flag.

The ribbon is made from the same nylon as our U.S. flags and is finished with a brass grommet for easy attachment to flag.

Item	Part Number	1+	12+	Wt.
3"x10' Black nylon ribbon	MR-1	\$12.80	\$10.70	1 lb.

Flag not included.

Note: Pole 40' are shipped in two sections. Poles 50' and longer are shipped in three sections. Poles are shipped via truck. Internal Halyard poles 50' and longer come standard with S.S. cable and winch. Ball not included. Prices are subject to change without notice. Nominal Height.

Anchor base for Patriot Series aluminum flagpole

Outrigger Flagpoles NEW

Designed for use in high density or high traffic areas where conventional ground set flagpoles are often impractical. Poles are available in Aluminum or Bronze.

Outrigger flagpoles set well above traffic corridors are ideally suited to aesthetically enhance a structure. Standard fittings include a gold anodized ball, stationary truck, one halyard, two chrome plated bronze snap hooks, one cast aluminum cleat, and a cast or fabricated aluminum bracket.

****It is recommended to upgrade your outrigger pole with our Smooth Fly Non-Tangle Device to make your flags fly out 100% of the time without any tangling or wrapping around the pole. See our Smooth Fly Upgrade Option on this page****

Smooth Fly

Smooth Fly is the ideal solution for your flag display needs on Outrigger Poles. Made of stainless steel, it offers a hassle-free way to show your flag with 100% non-tangle or wrapping on Outrigger Flagpoles. The best part of this product is that there is no hassle of working with a halyard.

Designed For The Outrigger Flagpole

Tailored specifically for the 45-degree angle of outrigger flagpoles, ensuring a perfect fit and seamless function

No More Tangles

Its unique mechanism effectively prevents entanglement, ensuring your flag waves smoothly and proudly.

Durable and Robust

Built with precision, it promises longevity even with non-stop use.

Experience The Difference With Smooth Fly

Gone are the days when the sight of a tangled flag would mar your building's façade. No more frequent checks, no more tedious untangling routines. Enter the era of Smooth Fly. With this innovation, your flag is guaranteed the freedom to wave with pride and elegance, untethered and unencumbered. For those discerning individuals who value precision and perfection, and who believe that every detail speaks volumes, Smooth Fly is not just an accessory. It's the upgrade you've patiently yearned for, a testament to craftsmanship and ingenuity.

Lifetime guarantee.

Star Gazer NEW Flagpole Downlight

The Star Gazer is a revolutionary downlight incorporating the latest LED Technology into flagpole lighting. Resources You Can Use

We take pride in our fabrics and production practice. With state-of-the-art technology and years of experience, we are dedicated to producing quality products at every step of the production process. We want to provide you with all of the information you need to ensure the best quality on all orders. With the right information about our materials, our production processes, and our art guidelines, you can help us provide an even better product.

Art Guidelines

OUR GRAPHICS TEAM

At FlagSource, we are both Mac and PC based and use the latest version of Adobe Creative Cloud software. We use the Pantone Matching System® and can color match with **Solid Coated Pantone®** colors only. To ensure the best quality on all orders, please use our checklist below before submitting artwork.

- ✓ Artwork saved as an acceptable file type (listed below)
- ✓ All fonts & strokes are outlined
- ✓ Artwork has been proofed and spell checked for errors
- ✓ Solid Coated Pantone® colors are included in artwork (for best guarantee on color match)
- ✓ Artwork sized correctly for requested product (visit: www.flagsource.com/home/resources#file-templates for artwork templates)
- ✓ **Raster files:** minimum of 150 DPI at actual print size (100%)

VECTOR ART *(Recommended for all products)*

- Made up of paths, points, angles and curves
- Can be scaled to **any size** without sacrificing quality
- Easy to adjust colors without sacrificing quality

Acceptable File Types:

.eps (Encapsulated PostScript)

.ai (Adobe Illustrator Document)

.pdf (Portable Document Format)

RASTER ART *(We cannot guarantee color matching)*

- Made up of pixels
- Loses quality when enlarged / scaled up
- Can typically be scaled down without sacrificing quality

Acceptable File Types:

.psd (Adobe Photoshop Document)

.tiff (Tagged Image File Format)

.jpeg (Joint Photographic Experts Group)

**JPEG files are a compressed file type and are often low resolution. While we do accept .jpeg files we do not recommend them.*

- Durable for high winds
- Single reverse only
- Maximum print width: 60"

Production & Color

HIGH RESOLUTION PRINTING

After being in the flag making business for 95 years, FlagSource knows a thing or two about production. Our highly skilled employees are equipped with state-of-the-art printers and finishing equipment. The efficiencies we have created in production allow us to adhere to your deadlines, and our quality assurance is based on a deep-rooted dedication to you, our customer.

Our products are constructed with the finest fabrics, color-matched threads, best quality inks, and heavy duty accessories for maximum flying strength. Our expertise has earned us a reputation for providing you with the highest quality and longest wearing products on the market today.

DIGITAL NYLON

- Ideal for single-reverse flags
- Direct-to-fabric printing
- Longest lasting UV inks
- Best backside penetration
- 600 DPI high resolution printing
- Able to print 71" wide without a join
- Closest Pantone matching system for digital fabric printing

DIGITAL POLYESTER

- Ideal for flags, table throws, runners, indoor banners and backdrop banners
- Perfect for four color process, spot colors, and full bleed artwork
- Direct-to-fabric printing
- Able to print 10' wide without a join
- High resolution printing

DIGITAL NYLON COLOR CHARTS

Our printed nylon chart (call for availability) displays the 1,095 Pantone® colors that have been hand-picked by our professional color team to match as closely as possible to each solid-coated color in the Pantone Matching System®. We have made this chart available to our customers in order to greatly simplify the process of choosing colors for custom orders, and to guarantee that we are providing the best color match possible. Charts can be purchased for \$60.

Glossary of Standard Terms

Avenue Banner: Banners on brackets that hang from light posts. Generally will always have a sleeve at the top and bottom of the banner.

Back Tack: A reinforcement operation that puts extra stitching on the top and bottom of the fly end. Typically it is no longer than 3/4 to 1" in length. Standard practice on all fly ends.

Bar Tack: A reinforcement stitch/operation that is performed on WaveBanner™ only. It always needs to be performed to areas where there is an exposed chain stitch (heading).

Box Tack: A reinforcement operation that is performed to the fly end. This operation is standard on U.S. flags only. This finishing is unique to FlagSource flags.

Burgee: A pennant with a swallow tail ("V" cut) flag used primarily by ships. All burgees are hemmed on 3 sides with a patch cover at the center of the "V" cut.

Chain Stitch: A series of looped stitches that form a chain like pattern. This stitch time allows our stripes to absorb energy when flying outside.

Color Matching: Matching the thread color to the blank that is being sewn. (White material - white thread). This is standard on all sewn products except the Attraction Product line.

Concealed Heading: A type of finishing where heading is sewn on and turned back so that it is not visible. This process requires that a single stitch be run along the bottom of the heading to keep it turned back.

Cut Size: The dimension material is cut before it is sewn.

Double Face: Copy reads correct on both sides (two pieces of material are sewn together).

Double Sided: Copy reads correct on both sides on only one piece of material.

Double Sleeve: Primarily used in conjunction with Avenue Banners. The standard size sleeve is 3".

Electronic Heading: A type of finishing that is used specifically for electronic flag poles. This process utilizes webbing material and is finished with the top and bottom edges finished like heading and d-rings, but d-rings are not used.

Finished Size: The dimensions a flag, banner, or other products measure after they are sewn.

Fly End: Four rows of stitching on the outer edge of a flag (away from the flag pole).

Grommet: An eyelet made of brass to strengthen or protect an opening or to insulate or protect something passed through it.

Guidon: a rectangular flag with swallow tail at fly end.

Heading and D-Rings: A type of finishing that is used on FlagSource flags 8x12' and larger. On flags, 10x15' and larger a #4 grommet is also inserted.

Heading and Grommets: A type of finishing that is standard on all flags. In general, the heading and grommets are on the left side.

Innerliner: A piece of Tyvek® used to block the image from the back side showing through to the front side on a double faced product.

Leather Tab: A piece of leather that is sewn into sleeves or pole hems that allows a flag to be attached to a pole. Primarily is used with indoor poles. (see Pole Hem Plain)

Lock Stitch: A sewing machine stitch formed by the looping together of two threads one on each side of the material being sewn. A bobbin is inserted into the machine for a bottom thread. This stitch type is used on all outer edge hems.

Paper-Transfer Dye Sublimation: Aqueous ink is embedded into a layer of coating on the transfer paper, which is then applied to polyester fabric with heat and pressure. The ink permanently becomes part of the fabric.

Patch Grommet: A type of finishing where a layer of material is sewn in as a patch and a grommet is inserted. The patch is necessary for a grommet to not pull out of the product.

Pennant: Triangular pieces of fabric primarily used for attracting notice. Hemmed on two sides with heading and 2 grommets or sleeve on the left side.

Pillowcase: A special type of hemming done on certain double sided flags. Designs that won't line up edge to edge get pillowcased or if there is an angled or some other special finish to the flag.

Pole Hem Fringe (PHF): A type of finishing that will fit over a pole. It is a sleeve that has a lining sewn in with a leather tab that is sewn in at the top center position. There is also fringe sewn on the outer hems of the flag. The standard size pole hem is 3". Spanish Yellow is the standard color for fringe, however, we also offer white and silver.

Pole Hem Plain (PHP): A type of finishing that will fit over a pole. It is a sleeve that has a lining sewn in with a leather tab that is sewn in at the top center position. The standard size pole hem is 3 inches.

Raster Art: An array of square pixels of various colors, which together form an image. When enlarging a raster image, each pixel increases in size and causes the image to become blurry. Quality depends on how many pixels are contained within an inch. The higher number of pixels-per-inch (ppi) the higher the quality. Not a preferred file type.

Reinforced Hem (reinforced grommet): Primarily used on banners and can be used in combination with a small hem. The reinforced grommet will allow a grommet to be affixed to it.

Single Face: Copy reads correct on one side and the reverse side is a mirror image.

Single Sided: Copy is on one side of material and the back side is blank.

Single Sleeve: Primarily used in conjunction with Avenue Banners. Material is folded over once and sewn down. The standard size sleeve is 3 inches.

Six Row Special: Six rows of stitching on the outer edge of a flag.

Sleeve: A type of finishing that will fit over a pole. The standard size sleeve is 3 inches. Sleeves can also be sewn closed at the top (also known as a simple sleeve). Fits 1"-1¼" diameter pole.

Starfield: Material with stars either embroidered or sewn on.

Vector Art: Vector graphics are comprised of paths which are defined by a start and end point along with other points, curves and angles. A path can be a line, square, triangle or a curved shape and can be filled with colors. These paths can be used to create simple drawings or complex diagrams. They can be scaled to a larger size and not lose any image quality.
